INTRODUCTION

Visva-Bharati is a pilgrimage for education and culture. It reflects the Tagorean ethos of making a complete human being. It is a hallowed place of learning cradled in a serene environment in the lap of the Nature, where Rabindranath founded a school for children at Santiniketan and it was round this nucleus that the structure of an unconventional University developed through careful planning and meticulous execution of those ideas and ideals.

In 1863, on a 20 Bigha plot at the site of the present institution, Debendranath Tagore, the poet's father, had built a small retreat for meditation, and in 1888 he dedicated, by a trust deed, the land and buildings, towards establishment of an Asrama where seekers after truth irrespective of their formal religious affiliations, sect, creed and caste could come and meditate in seclusion; a Brahmavidyalaya and library. Rabindranath's school Brahmacharyasrama which started functioning formally from December 22, 1901 with only five students on the roll, was, in part, a fulfillment of the wishes of his father who was a significant figure of his time in the field of educational reforms. From 1925, this school came to be known as Patha-Bhavana.

The school was a conscious repudiation of the system introduced in India by the British rulers, and Rabindranath initially sought to realize the intrinsic values of ancient education in India. The school and its curriculum, therefore, signified a departure from the way the rest of the country viewed education and teaching. Simplicity in externals was a cardinal principle. Classes were held in open air in the shade of trees where man and nature entered into an immediate harmonious relationship. Teachers and students shared the single integral socio-cultural life. The curriculum had music, painting, dramatic performances and other performance-based practices. Beyond the accepted limits of intellectual and academic pursuits, opportunities were created for invigorating and sustaining the manifold faculties of human personality.

After Rabindranath was awarded the Nobel Prize in 1913, he was invited on numerous visits all over the world and came close to knowing a large part of the world and its people. By 1917, the range of his experience and the restlessness of his exploration led to his own self-clarification regarding the idea of a centre of Indian culture at Santiniketan. The centre, as conceived by him, was to provide "for the coordinated study of the different cultures". As "music and the fine arts are among the highest means of national self-expression... in the proposed centre of our culture, music and art must have prominent seats of honour". This centre should not only be a centre of the intellectual life of India but the centre of economic life as well. Participating thus in all the major spheres of Indian life, the institution would attain a representative character and enter into an encounter with the rest of the world.

The institution chose for its motto the Vedic text "*Yatra visvam bhavatyekanidam*" (where the world makes a home in a single nest). On 23 December 1921, Visva-Bharati became a registered public body which adopted a constitution of its own. The aims and objects as set forth on occasion have since then remained the objectives of Visva-Bharati.

In 1922, the Department of Higher Studies became Uttara Vibhaga to be renamed Vidya-Bhavana in 1925. Hindu philosophy, medieval mysticism, Islamic culture, Zoroastrian philosophy, Bengali literature and history, Hindustani literature, Vedic and Classical Sanskrit, Pali, Prakrit, Chinese, Tibetan, Persian, Arabic, German, Latin and Hindi formed its areas of study and research.

Vidya-Bhavana was the manifestation of the ideal of the proposed centre of comprehensive studies in the cultures of the East and the West. The centre was viewed principally as a community of scholars, Indian as well as foreign, who would be engaged in the creation and dissemination of systematized and philanthropic reasoning. The concern was epistemological. Those who visited included Moriz Winternitz, V. Lesny of Prague, Carlo Formichi and Giuseppe Tucci of Rome, Sten Konow of Oslo. They added a new dimension to the work that was being carried on by a remarkable group of Indian scholars and creative artists of rare dedication, the services of some of who Rabindranath had secured even from the days of the Brahmacharyasrama.

In 1937, Cheena-Bhavana, the Department of Sino-Indian studies was established, and even today it remains, by any standard, an exceptionally remarkable symbol of cultural collaboration. In 1938, the

Hindi-Bhavana with certain distinct projects of studies was founded. Kala-Bhavana, which was originally the institute for both Fine Arts and Music, came into existence in 1919 but in 1933 it branched off into two independent institutions. Kala Bhavana and Sangit Bhavana, are unique with each of its own distinct discipline. In generating more informed and cultured interest and more inputs of educational components, these two institutions played pioneering roles in our country. 'Rabibitan' a Rabindra Sangit Research Centre was established under Sangit Bhavana.

The Institute of Rural Reconstruction was founded in 1922 at Surul at a distance of about three kilometres from Santiniketan. It was formally inaugurated on February 6, 1922 with Leonard K. Elmhirst as its first Director. Thus, the second but contiguous campus of Visva-Bharati came into existence in 1923 at a site which assumed the name of Sriniketan. The chief object was to help villagers and people to solve their own problems instead of a solution being imposed on them from outside.

In consonance with the ideas about reconstruction of village life, a new type of school, meant mainly for the children of neighbouring villages who would eventually bring the offering of their acquired knowledge for the welfare of the village community, was also conceived. This school, Siksha-Satra, was started in Santiniketan in 1924 but was shifted to Sriniketan in 1927. The Lok-Siksha Samsad, an organization for the propagation of non-formal education amongst those who had no access to usual educational opportunities, was started in 1936. Siksha-Charcha for training village school teachers followed next year.

A few more institutions were added after Rabindranath's death on August 7, 1941. Rabindra-Bhavana, the archive on Rabindranath and the institute exclusively devoted to study and research on him was established in 1942. In 1948, Vinaya-Bhavana, a teachers' training institution, came into being.

In May 1951, Visva-Bharati was declared to be a Central University and "An Institution of National Importance" by an Act of Parliament. It was granted the status of unitary teaching and residential University. The status and function of all the major institutions have been redefined in successive Amendment Acts and the University has continued to grow by giving accreditation to new centres in response to the needs newly felt.

The old Vidya-Bhavana started Honours and M.A. courses of the usual type. Siksha-Bhavana, given originally the responsibility of conducting under-graduate courses, was split off from Vidya-Bhavana. In 1972, when the institutes were restructured faculty-wise, Vidya-Bhavana became the faculty of Humanities, Languages and Social Sciences. In 2010 Bhasha Bhavana separated from Vidya Bhavana and became the faculty of Languages. Besides that, Visva-Bharati established the Centre for endangered Languages. Siksha-Bhavana, the faculty of science. The erstwhile departments of Sriniketan have been amalgamated into Palli Samgathana Vibhaga (Institute of Rural Reconstruction), with the exception of the independent faculty of Agriculture, Palli Siksha Bhavana, which came into existence in 1960.

The school has reshaped itself into a full-fledged modern University with diverse concerns and interests. The defining maxim of excellence remains intact.

From the very beginning Rabindranath tried to foster a self-sufficient social life along with new values of creative as well as participatory culture. The most joyful expressions of the community are the festivals which at different times of the year celebrate the cycle of the seasons and the diverse manifestations of Nature. Dances and songs presented on such occasions draw as much upon Rabindranath as other cultural resources of all parts of India. The community comes together in these festivals and, for the young students in particular, it is an unobtrusive process of cultural enrichment. Cultural events and festivals are a legacy from the inception of the institution. The open-air devotional service that is held on 7th Poush (on or about 23 December) every year under the Chhatim tree where Maharshi Debendranath once meditated is an occasion of particular significance for the institution since it is the foundation day of the Asrama. In accordance with the trust deed, a mela (fair) popularly known as the Poushmela is held to mark the occasion. Another three-day village fair, called Maghmela is held early in February every year at Sriniketan. 'Vasanta Utsav' (Spring Festival), Briksaropan (Tree Planting Ceremony) and Halakarsana (Ploughing) are not just festivities but are curricular activities contributing to the core courses on Tagore Studies and Environmental Studies.

There is a prayer-hall, referred to a Mandir, where on every Wednesday a non-denominational community prayer service is held. This prayer-hall is the place of congregation for all important occasions of commemoration for the community. It was the founder's belief that the moral influence radiating from here would afford a silent but constant guidance to the members of the community.

PATHA BHAVANA

INSTITUTE OF ELEMENTARY, SECONDARY & HIGHER SECONDARY EDUCATION

CODE NO: 98

Patha-Bhavana, The Poet's School, was originally founded as *Brahmacharya Ashrama* in 1901 by Rabindranath Tagore in the model of *Tapovana* education. The idea of making it an institute 'where the world meets in a single nest' (*yatra visvambhatyekanidam*) led to its growth as a university, Visva-Bharati in 1922. *Brahmacharya Ashrama* was later renamed as Patha-Bhavana in 1924. Visva-Bharati was made a Central University an Institution of National Importance in 1951 by an act of the parliament.

Patha-Bhavana still upholds Tagore's idea of education, which he conceived as going beyond rote learning to add to the complete development of an individual. It was, and still is a deviation from other conventional institutions. Tagore tried to develop a curriculum which would be different from only text-based learning. Facilities are there to let one's sensitive heart feel a harmony that exists in nature and to be one with it. Joy, freedom mutual trust and co-operation are the basic principles of Patha-Bhavana. At Patha-Bhavana classes are still held in open air under the trees. Various activities are designed to help children learn the value of innovation and creativity. Along with the normal school subjects, students are exposed to painting, clay modelling, handicraft and other creative assignments. Every student has to take part in music and dance. All these are given equal importance in the learning process.

Till today, *Asbram Sammilani* (the students' council), founded by the Poet himself in 1912 and an important aspect of his educational idea, aims at developing self-reliance, self-discipline and self-restraint among students. It has several wings and notable among them are the activities *Sahitya-Vibhaga* (Literary Unit), *Seva Vibhaga* (Social Service), *Paribesh Vibhaga* (Environment) and *Vichar Sabha* (Judiciary). Attending weekly prayer meetings at the *Upasana Griha*, participating in games and sports and different festivals of the University are part of life of a student of Patha-Bhavana.

As was envisaged Patha-Bhavana is primarily a residential institution, though there is provision to study as a day- scholar as well. It is a co-educational institution. It imparts education from K. G. to Class XII. The medium of instruction is primarily Bengali. However, facilities of learning in English are provided to students whose mother tongue is other than Bengali. Students appear in 'School Certificate Examination' after Class X and Pre-Degree Examination after Class XII, both conducted by Visva-Bharati.

The academic session for Mrinalini Ananda Pathshala and Patha-Bhavana up to Class X is January to December every year. The academic session for Pre-Degree course commences in June every year.

Siksha-Satra, an integral part of Visva-Bharati, was established on July 1, 1924 as an experimental School at Santiniketan. The school was later shifted to Sriniketan in the year 1927. Rabindranath had conceived that Siksha-Satra would perform the most significant function of Sriniketan, in helping students to the attainment of manhood complete in all its various aspects. The primary objective of Siksha-Satra is to educate one's head, heart and hands not merely to be in readiness for all emergencies, but also to be in perfect tune in the symphony of response between life and the world.

The poet confesses, "... I myself attach much more significance to the educational possibilities of Siksha-Satra than to the school and college at Santiniketan which are everyday becoming more and more like so many schools and colleges of this country: borrowed cages that treat students' minds as captive birds whose sole value is judged according to the mechanical repetition of lessons prescribed by an educational dispensation foreign to the soil". He had visualized that the 'Poet's School' would one day realize his dreams.

Mahatma Gandhi came to visit Siksha-Satra in 1925 and became so pleased with its activities that he wanted to borrow the services of the Headmaster of Siksha-Satra for giving shape of his own plan of Basic Education. The Basic Education of Mahatma Gandhi started in the year 1937.

In 1982, Siksha-Satra became an independent Unit of Visva-Bharati gaining its complete administrative control (earlier it was a part of Palli Samgathana Vibhaga). The junior division NCC unit was opened at Siksha-Satra in 1982 and NSS unit was opened in 2009. In 1988, Santosh Pathshala, the Kindergarten Institute at Sriniketan was opened under the administrative control of Siksha-Satra which later became an integral part of the school. The students of Santosh Pathshala move on to Siksha-Satra after successful completion of two years of Pre-Primary schooling.

In 1976, when the 10+2 system of education was introduced all over India, Uttar Siksha Sadana came into existence as a separate unit of Visva-Bharati for classes XI and XII. However, in 2009 the Academic Council of Visva-Bharati decided that the students will benefit more if they remain within the careful guidance of their respective institutions after completing Class X. As a result, Uttar Siksha Sadana was merged with Siksha-Satra and Patha-Bhavana and, at present, both the schools offer Pre-Degree course for Science and Humanities Stream.

In respect to objective, curriculum, pedagogy and methodology, Siksha-Satra today functions as a Non-residential Institution offering several subjects of study unique to its nature. The students of Siksha-Satra appear in the School Certificate Examination after Class X and Pre-Degree Examination after Class XII conducted by Visva-Bharati.
